

## Accord and Henkel Teaming at Spencer Hospital

*"...We are pleased  
with the quality of  
their designs and  
with their timeliness.*

*Henkel and Accord  
continue to be an  
asset to our team."*

*Doug Doorn,  
President/CEO,  
Spencer Hospital*

Planning for Spencer Hospital's major facility upgrades started all the way back in 2001. After several successful building and renovation projects, Spencer Hospital's management team continues steadily toward their ultimate goal to upgrade patient services, comfort, and leading edge technology throughout their operation. Major renovation and expansion projects at the main hospital and patient rooms were completed in 2005 and 2006 respectively with Henkel Construction Company managing all construction activities as the hospital's construction manager. Responses from Spencer Hospital patrons to their new hospital and private patient rooms have been extremely positive across the board.

Without missing a beat, attention has been turned to new projects including a new Cancer Center addition, Diagnostics Imaging (D/I), Pharmacy, and Rehab areas. This time Accord Architecture and Henkel are delivering the projects as a team. Accord is providing all architectural planning and design services for the projects. Henkel is providing all required construction planning and budgeting services as well as managing all field activities once construction begins. Design work on the Diagnostics Imaging, Pharmacy, and Rehab areas are almost complete.

Construction for Diagnostics Imaging is scheduled to start in the fall of 2007. Pharmacy and Rehab construction should start in the summer of 2007. Planning, budgeting, and design work for the Cancer Center addition will continue through fall of 2007 with completion of the addition slated for late 2008.

At the close of 2007 Henkel will complete 13 years delivering planning advice, construction management, and construction services at Spencer Hospital. Doug Doorn, President/CEO of Spencer Hospital said, "We have been very pleased with Accord's design work on our Diagnostics Imaging, Pharmacy, and Rehab areas. We are pleased with the quality of their designs and with their timeliness. Henkel and Accord continue to be an asset to our team."

**CORNER  
STONES**

Henkel Construction Company is a full service General Contractor and Construction Manager based in Mason City, Iowa.

Henkel builds high quality structures for commercial, institutional, heavy-highway and industrial clients throughout the Upper Midwest and, for some clients, nationwide.
