

Exceptional Auto Dealership Structure Product of Henkel Design-Build Program

*"...We've had nothing
but a positive
response to our
new building..."*

*Dan Ryerson,
Auto Edge, Inc.*

The new Auto Edge building, designed by Accòrd Architecture and built by Henkel Construction, has the look and feel of an upscale car facility.

The 3,400 square foot structure shows what can be accomplished by Henkel's design-build delivery system. By using flush metal panels on the exterior, Henkel created an aesthetically pleasing design. The project includes over 960 square feet of attractive sales/product display area with state-of-the-art vehicle detailing and cleaning bays.

Auto Edge is located on Highway 122, between Mason City and Clear Lake, in the rapidly expanding Sedars Auto Park. The structure enjoys great visibility from this busy highway, and is near Eisenhower Avenue, which connects with the relocated U.S. Highway 18/Avenue of the Saints.

Beginning in August of 1999, the project was completed in November of the same year.

Henkel Construction
Company is a full service
general contractor based
in Mason City, Iowa.

Henkel builds high
quality structures for
commercial, institutional,
heavy-highway and
industrial clients
throughout the Upper
Midwest and, for some
clients, nationwide.
